THE SOUTH CAROLINA INTERNATIONAL AUTO SHOW JANUARY 12 – 14**  
*Test Drives, New Models, One-Of-A-Kind Customs and More*

**GREENVILLE, S.C.** – The 2018 South Carolina International Auto Show is back in town, bringing more than 250 all-new vehicles, test drives, preproduction vehicles and more to the TD Convention Center! Held Friday, January 12 through Sunday, January 14, the auto show is designed as a one-stop shop to research, compare and try hundreds of new models on for size. Whether you are in the market for a new vehicle, interested in the newest in-car technology, or just love cars – the South Carolina International Auto Show has something for everyone!

Brands on display at this year's show include Chevrolet, Dodge, Ford, GMC, Honda, Lexus, Maserati, Toyota and more, with new models boasting significant upgrades in safety, entertainment and convenience features. On the show floor for three days, attendees will be able to compare vehicles side by side under one roof to close the loop on their next purchase or simply learn more about the hottest cars making their debut in 2018.

Three special test drive events are taking place at the auto show this year, allowing attendees to complete their auto show research. **Drive FCA** brings the hottest sellers from Chrysler, Jeep®, Dodge, Ram and FIAT for attendees to drive, including the rugged and trail-ready Jeep® Compass, high-tech Chrysler Pacifica, and the muscle of the Dodge Challenger. Attendees can also check out the **Toyota Drive Center** showcasing Toyota's latest 2018 models just hitting dealerships. Last but not least, get behind the wheel and enjoy the **Chevrolet Ride & Drive**. Test drive Chevrolet's award-winning cars, trucks and crossovers with highly trained and enthusiastic product specialists. Test drives are included with the price of auto show admission. Drivers must be at least 18 years or older, show a valid driver's license and pass a breathalyzer test. Passengers must be at least 8-years-old.

Known worldwide for their custom-built cars and trucks, Greenville's own **Tommy Pike Customs** is also returning to this year's auto show with the **Modern Muscle, One-of-a-Kind Customs and Restored Vehicles Display**. Pike will be showing off a number of vehicles produced by his shop over the years for sponsors and national events, including a 1937 Dodge pickup recently restored for Fiat Chrysler Automobiles to celebrate the 80-year anniversary of MOPAR, the group's parts, service and customer care organization, at the 2017 SEMA Show. Tommy Pike's display is a fan favorite and not to be missed!

For technology enthusiasts, pre-production models on display at the show will offer a glimpse of the latest gadgets and gizmos set to be available behind the wheel in years to come. The pre-production models are subject to change and are displayed at the sole discretion of the manufacturer.
